Favorite Quote: "Life is like this white line on the side of the road. In the distance, it looks simple and complete, but up close it is cracked and broken, and sometimes almost not there. And even though you know that the line in the distance is just as broken as the one you are walking on, you continue onward with a hope for something better.
I remember... Mr. Cahalan yelling at the Freshman Experience class because someone spilled his drink. Getting named Cleppie in French. Answering Traise and Frue in Science Class. The "happy dagger" in English. Doing the exact same work in all three years of Mr. K. Clark's classes. Joining the after school D&D group. Everyone showing off their licenses the day they got them. Having classes with upperclassmen. Starting to play Neverwinter in the computer lab after school with Cahalan. Becoming a techie for the Four Plays. Not being able to "feel anything" in Middle School. Playing Battlefield instead of Neverwinter, in the computer lab. Taking Chemistry, and learning that "round things roll". Starting to grow the facial hair I still have. Having a big fallout with the majority of my friends. Meeting better friends, and making up with the good ones that I fell out with. Computer Repair with Derek and Renee, and all of our mishaps and adventures in that class. "Mini Monkey Wrench". Walking more, and further, during my midnight walks. A 72 minute phone call. Being forced to join Myspace, even though I didn't have the internet. Stressing out over Drama Junior Year. Hanging out with Shannon everyday, and eventually Shannon and Derek, everyday. The "Orange Hat Night". Driving in Siberia with Luke, Dave, and Andrew. Quitting the school's D&D, but playing it out of school. Putting on a skirt for Indoor Drumline, and being called Pretty Jesus. Keeping the dress, and wearing it for Drama Junior year. Seeing 3 inches of dust. Experiencing the Ghost of the Auditorium. "HEY!" in a dark auditorium, damn you Derek. Saying goodbye to my favorite teacher. Saying goodbye to a good friend. And coming to the realization that I have the best friends anyone could ever ask for.

FOOTPRINTS

One night a man had a dream. He dreamed he was walking along the beach with the LORD. Across the sky flashed scenes from his life. For each scene, he noticed two sets of footprints in the sand; one belonged to him, and the [illegible] the LORD.

When the last scene of his life [illegible] flip, he looked back at the foo[illegible] sand. He noticed that mo[illegible] path of his life there was [illegible] prints. He also noticed tha[illegible] every lowest and saddest times in his [illegible]

This really bothered him and he questioned the LORD about it. "LORD, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me."

The LORD replied, "My precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you."

The Lord is my shepherd; I shall not want. He maketh me to lie down in green pastures; he leadeth me beside still waters. He restoreth my soul; he leadeth me in the paths of righteousness for His name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me. Thy rod and thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over.
Surely goodness and mercy shall follow me all the days of my life, and I will dwell in the house of the Lord forever.
